Report of the
Salem Presbytery Dream Team

February 12, 2019
Scope of Work

The Executive Council charged the Dream Team with the task of envisioning and discerning where the Spirit is leading Salem Presbytery’s ministries, including the appropriate structure to accomplish this and the staffing model to make this possible.

Members of the Dream Team include the following:

- Beth Barksdale, RE, Highland Church, Winston-Salem
- David Boger, RE, Member-at-Large
- Peter Hazelrigg, TE, Member-at-Large
- Eustacia Marshall, TE, Campus Minister, Faith Point Fellowship
- Toure Marshall, TE, Grace Church, Winston-Salem
- Kim Priddy, TE, Sedgefield Church, Greensboro
- Ron Shive, TE, First Church, Burlington
- Jeff Smith, TE, Boone Church

Process

As you are all aware, the Executive Council of Presbytery appointed the Dream Team in March 2017 with the following mandate:

"...to envision and discern where the Spirit is leading Salem Presbytery’s ministries, along with the appropriate structure to accomplish this and the staffing to make it possible."

Since May 2017, the Dream Team has met at least monthly and often every other week. They have approached their task with much prayer, praying that the Spirit would guide them in seeking the best mission design to live fully into the new day in which we are called to be the church in our communities and world. A secondary concern was to address a $200,000 deficit for the past two years in the budget of Salem Presbytery.

As the Dream Team has engaged in their work, they have come to see this process in three distinct phases.

Phase One
To study, research, and design a new model and vision for Salem Presbytery that will serve the needs of the Presbytery for the future. The model is one that will provide impact, sustainability, and faithfulness to the ministry of Jesus Christ. This phase was completed on July 19, 2018 with the vote of the Executive Council to endorse Phase One and begin Phase Two.

Phase Two
To share the proposed model and vision with key constituents of the Presbytery and gather feedback, as the model is refined based on the insights of these Presbytery constituents. This phase began with a Summit Meeting on September 6 at Clemmons Presbyterian Church to which the following committees and the chairs of other committees were invited.

- Finance Committee
- Commission on Ministry
- Personnel Committee
- Church Growth and Transformation
- Campus Ministry Committee
- Committee Chairs
- Transitional General Presbyter
- Presbytery Staff
- Equip Team
- CREs
Members of the Dream Team met with each of the above committees and additional committees and groups as requested.

In Phase Two the Dream Team worked to create a more exact budget (in consultation with the Finance Committee) and modify the proposal based on the feedback gathered.

On October 18, the Dream Team presented an updated proposal to the Executive Council. The Executive Council received this proposal and the Dream Team continued to perfect the proposal based on additional input received. The Dream Team made a presentation for the entire presbytery for the first time at the November 13th meeting of Salem Presbytery and answer any questions from the presbytery as a whole.

Then for the next two months from November 13 – January 11 there will be six smaller, geographical meetings (two each in the East, Central and West neighborhoods) to ask further questions and give further feedback.

Based on this additional feedback, the Dream Team will have two weeks to perfect their proposal.

On January 29, the Executive Council at a called meeting, heard the final modified proposal and voted on its approval.

On February 12, Salem Presbytery will be asked to vote either up or down on the Dream Team proposal.

If the proposal is approved, the Executive Council at their March 2019 meeting will select members of the Implementation Team. They will begin phase three – the implementation of the plan.

Throughout the process, the Dream Team is seeking to listen to all voices, discern the leading of the Spirit, and to make needed shifts in the proposed design.

**Dream Team’s Proposed Design:**

1. **Rationale: A New Day for Ministry**

   In her 2012 book *The Great Emergence*, religious scholar Phyllis Tickle provides a survey of major transformations in church history and offers a contextual framework for understanding the evolving nature of the church in the 21st century. She posits that every 500 years the Church undergoes a dramatic shift and holds a “rummage sale” – The sign out front of the Church reads, “Everything must go.”

   Tickle identifies six major periods of change in church history:

   - 30-70 CE – Birth of the Church –
   - 70-130 – decline of Judaism
   - 590 CE – Fall of the Roman Empire and the Beginning of the Dark Ages
   - 1054 – The Great Schism – Church divides between East and West
   - 1517 – The Great Reformation and Beginning of the Modern Period
   - 2000 – Present - Postmodern Period
Tickle argues that changes in the life of the Church since 2000 have ushered in a new era to which we must adapt. A recent article by the Pew Research Center on America’s changing landscape indicates that:

“the Christian share of the U.S. population is declining, while the number of U.S. adults who do not identify with any organized religion is growing.”

The number of mainline Protestants has fallen from 18.1% in 2007 to 14.7%. While the number of “Nones” or Unaffiliated has risen 6.7% from 16.1% to 22.8% of the US population.¹

We cannot deny that we are living in a new day. How we face the realities of this new day will determine the relevance of our church in postmodern America. Rather than be afraid of the changing landscape of our nation, we must embrace the new day as one ripe with opportunities to share the gospel of Jesus Christ and to be missionaries of Christ’s love and justice in the world. To do so, we must model new forms and expressions of ministry.

The trends in Salem Presbytery mirror those nationally. Our group analyzed income and expenses and membership of Salem Presbytery for the past 10 years and found the following:

- a decrease of income from $1.7 M in 2007 to $1 M in 2017 (41% decrease)
- a decrease in church pledges from $1.5 M in 2007 to $562,000 in 2017 (63% decrease)
- a decrease in membership from 34,744 in 2007 to 23,159 in 2017 (33% decrease in membership)

In facing this reality, our team asked the following question: “If Western societies have become post-Christian mission fields, how can traditional churches become missionary churches?”² We quickly realized that most of our Teaching Elders, CREs, Educators, and churches are not prepared for that task.

Tod Bolsinger, in his insightful book Canoeing the Mountains: Christian Leadership in Uncharted Territory, tells of explorers Lewis and Clark as they set out on a journey to travel the newly acquired Louisiana Purchase to find a waterway to the Pacific. They believed, like everyone before them, that the geography of the west was just like that of the familiar east. While they had prepared to find a waterway to the Pacific Ocean, instead they found themselves in the Rocky Mountains. They suddenly realized that they had trained and prepared for their task as canoers, but that their training was inadequate for the task ahead of them.

Our seminaries have trained us well to do ministry in a Christian America—to paddle the rivers and streams of a Christian landscape. But we have not been prepared to climb the mountains and challenges of the increasingly post-Christian nation in which we now live.

We began to see that we need our presbyters to help us learn how “to get over the Rocky Mountains.” The mission of Salem Presbytery and the role of our Presbytery staff should be to help develop transformative and adaptive leaders to thrive in this new day of ministry.

As we studied this issue, it became evident that we felt the Spirit leading us to embrace a new vision and a new design for Salem Presbytery from the ground-up. We knew that this was not going to simply be “a rearranging of the chairs.” This new vision or new design, though, was in no way a judgment of our current structure, but

rooted in a deep desire to further nurture transformative leaders, assure thriving churches, and provide increased opportunity to be more connected.

2. **Our Proposal**

a. **Relentlessly “Bottom Up”**

We believe that a “bottom up” not “top down” approach is key to the Presbytery’s work and ministry. Salem Presbytery is called to serve our local congregations and worshiping communities. The Presbytery’s role is to assist and strengthen all of our churches and worshiping communities by assisting those congregations’ leaders.

This new structure and design is not based on planning ministries and programs at the presbytery level, but rather in assisting and supporting congregational leaders, Teaching Elders, CREs, Educators, and congregations to be faithfully and fully engaged in the work God is doing in our communities. The primary energy and focus of all that we do is to engage churches in working in mission and partnerships. The model is a vision of a Presbytery with a decentralized structure of small partnerships built around shared values and shared missional endeavors.

This is reflected in our Vision Statement and Mission Statement:

**Vision Statement**

By the grace of God and the working of the Holy Spirit, Salem Presbytery is a catalyst for transformational ministry, vital mission, and dynamic leadership in local congregations and worshiping communities.

**Mission Statement**

Salem Presbytery connects, supports, and strengthens local congregations and worshiping communities to carry out Christ’s transformative work of love and justice in the church and in the world.

b. **Missional Design**

The primary focus of the Salem Presbytery will be to support and strengthen local churches, worshiping communities, and campus ministries to be engaged in God’s work in the world, and to support and enable partnerships together to carry out joint ministry. Presbytery staff will function in two roles: a. assuring the government of the church within our bounds, and b. assisting and supporting the witness of congregations to God’s work in our communities and world. Presbytery staff will be involved in promoting decentralized partnerships among pastors and churches and worshiping communities, rather than programmatic ministries.

“The presbytery is responsible for the government of the church throughout its district, and for assisting and supporting the witness of congregations to the sovereign activity of God in the world, so that all congregations become communities of faith, hope, love and witness.” Book of Order, G-3.0303

c. **Meaningfully Connected**

The best solutions to the challenges faced by members of our church communities can be found by getting to know one another and learning from one another. We want to grow by getting to know each other better, learning from each other, and working together. Just as there are many great people in each congregation, there are that many more great folks in the Presbytery. We need to invest time, energy, intelligence, imagination and love in our relationships with one another, so that we may appreciate and use the resources in which Christ has gifted us to carry out Christ’s mission in the world.
What Does This Look Like?

1. **Decentralized Office**

   This new structure will include the sale (or potential lease) of the Presbytery office location in Clemmons. Staff will no longer work from one central location, but rather be dispersed throughout the community with our churches and church leaders. All staff members will have offices either in their homes or within local churches and will gather together as a team at regular intervals for focused collaboration. Committee meetings will take place in congregations throughout the parishes, and/or use Zoom technology when appropriate.

   The funds from the sale or lease of the current building will be invested to provide ongoing support for presbytery staff related to technology and travel expenses.

2. **Parishes and Engagement Pastors**

   Connectivity on education, social, and mission ministries with other congregations and congregational leaders will be encouraged and nurtured by an Engagement Pastor. Six geographically based parishes will be formed by the Implementation Team based on feedback from local churches. An Engagement Pastor will be selected from within each parish and will receive a stipend by Salem Presbytery to gather, host, and connect pastors and congregations. (Position Description attached) Collectively they will be a resource for the Presbyter for Leadership Development.

3. **Task Groups**

   Task groups will be formed as needed to address growing concerns and ministry needs of churches. These will be formed by interested Ruling Elders and Teaching Elders. Task groups will not be staffed by presbytery staff and will report to the Executive Council at least annually. Examples of task groups include teams formed around missions like peace and justice, domestic and international poverty, the youth council, and other critical areas that arise from the discernment of members in Salem Presbytery.

4. **Staffing Based on Expertise and Not Geography or Ministry Programs**

   The following are proposed staff positions.

   **Presbyter for Administration** – Functions as Head of Staff, oversight of Presbyter for Transformational Ministry and Presbyter for Leadership Development and other presbytery staff, and whose primary functions are to oversee the standing committees of Salem Presbytery and assume the responsibilities of Stated Clerk. (Position Description attached)

   **Presbyter for Transformational Ministry** – Promotes entrepreneurial leadership with pastors and educators, helps ministers and congregations promote stewardship, identifies opportunities for new and expanded ministries, connects and mobilizes congregations to work together, encouraging and enabling congregations to embrace digital communication, and oversees campus ministry. (Position Description attached)

   **Presbyter for Leadership Development** – Coaches pastors through assessment, challenge, and support to become missional leaders; promotes and supports spiritual formation in congregations; holds congregations responsible for mission and vision; provides oversight for Engagement Pastors; 2resource coordinator for contract coaches, consultants and facilitators to assist congregations. (Position Description attached)
Communications Director Part-Time (Position Description attached)*

Director of Stewardship and Development – Part-time – The two top priorities are to design and direct the stewardship process for Salem Presbytery and work with campus ministries to become self-sustaining. As time permits, work with congregations in stewardship and development. (Position Description attached)*

Financial Administrator – Part-Time (Position Description attached)

Administrative Assistant – Full-Time (Position Description attached)

Engagement Pastors – (Position Description attached)

*It is the desire of the Dream Team that the Implementation Team be open to the possibility that these two Part-Time positions might be combined into one Full-Time position if a candidate arises who has the necessary skills for both. This will result in an additional cost of $10,000 for benefits and this would need to be negotiated with the Finance Committee and Executive Council.

5. Support for Current Staff of Salem Presbytery

While the details of the transition with our current staff are the responsibility of the Implementation Team, in consultation with the Personnel Committee, the following are recommendations of the Dream Team:

a. All current staff are open to apply for positions in the new presbytery structure, as when Salem Presbytery went through its prior restructuring.

b. If current staff choose not to apply for positions in the new structure, the Personnel Committee will work to assure that negotiated funds are available to staff members for training for a future call.

c. If any current staff do not have another call by the end of December 2019, the Personnel Committee and the Executive Council will negotiate an appropriate severance package.

6. Presbytery Committees

The only committees staffed by a member of the Presbytery staff will be the following standing committees, with a designation of the assigned staff.

  Commission on Ministry – Administrative Presbyter
  Committee on Representation – Administrative Presbyter
  Nominating Committee – Administrative Presbyter
  Permanent Judicial Commission – Administrative Presbyter
  Campus Ministry – Transformational Presbyter
  Church Growth and Development – Transformational Presbyter
  Executive Council – oversight of Personnel Committee, Budget & Finance Committee, Property Committee, and Presbytery docket – Administrative Presbyter
  Committee on Preparation for Ministry – Leadership Presbyter

These limited, but strategic committees will enable Salem Presbytery to maintain strong centralized, fiduciary practices, while becoming increasingly decentralized in programmatic and missional activities.
7. **Campus Ministry**

The proposed new strategy is to prioritize campus ministry funds so that ministries are sponsored and connected to a local congregation(s). In 2018, Salem Presbytery provides $140,500 for campus ministry. The new strategy is to decrease the current funding level and move funding to a grant based process and encourage each campus ministry to seek ways of being more sustainable through fundraising and funding by local congregations. (See the attached proposal) Over a three year period Salem Presbytery’s commitments will decrease to $80,928.

8. **Youth Ministry**

The proposed new strategy is to prioritize youth ministry funds so that ministries are sponsored and connected to a local congregation(s). In 2018, Salem Presbytery provides $10,750 for youth ministry. The funding for youth ministry will remain at the current level and the Presbyterian Youth Council will determine the use of the funds.

9. **Presbytery Meetings**

The focus of Presbytery meetings will shift from “informing” to “exploring and discussing.” Presbytery meetings will reflect the new structure and vision of assuring local churches and worshiping communities thrive in their ministries.

10. **Budget**

The budget of Salem Presbytery was the catalyst for the Dream Team’s forming, however the budget was not the catalyst for the current vision and structure of our proposal. Once the structure took shape the Dream Team prayerfully sought ways to make the proposed vision a reality that fit within the framework of a $200,000 plus shortfall in budgeted revenue. To that end, our proposed budget adequately compensates for the current staffing model, while also making necessary cuts that allow the budget to be more sustainable over time.

While making cuts to staffing and to committee budgets to fit within the new framework of our structure, we have also shifted our sustainability in Campus Ministry funding to creatively seek ministry funding through a combination of fundraising, congregational partnerships, and entrepreneurial ventures so that ministries are more self-sufficient. This will enable reducing the Campus Ministry funding over a three-year time frame resulting in a 10% first year reduction of the 2018 presbytery funding, a 20% second year reduction from the of previous year’s funding, and another 20% reduction year three of previous prior year’s funding.

As alternate funding becomes the sustainable way forward, operational funds no longer used in Campus Ministry will be moved to reverse most cuts made in year one to the GA Shared Mission, GA Per Capita, and Synod Per Capita. In addition, with the proposal to sell the property and become a “virtual office,” $23,000 is reduced that is currently being used to operate our current facility.

Our proposal reduces the overall budget $213,754.00 in year one, which is just $1,246.00 shy of the $215,000 budgeted deficit in 2019 (this includes the $23,000 from the property). This proposed budget does not include revenue that could come from the sale or lease of our current office space nor does it include any increase in giving from congregations.
11. Implementation Team

The Dream Team understands its role as that of proposing and seeking approval of a new design for Salem Presbytery. It will then be the role of the Executive Council to appoint an Implementation Team. It seems important that at least two members of the Dream Team serve on the Implementation Team to assist in interpreting the new design.
PRESBYTER FOR ADMINISTRATION

- Identify grants from public and private sources that would be available to various ministries within the presbytery.
- Consult and resource specialized ministries to develop fund development plans and strategies as directed, including but not limited to: Campus Ministry, Young Adult Ministries, Racial Ethnic Ministries including Hispanic Ministries and African American Church Growth, Youth Ministries
- Encourage and Resource congregations and worshiping communities to have effective fund development and stewardship processes.
- Develop criteria for measuring impact of ministry initiatives, particularly those that are receiving direct funding from the presbytery, grants awarded by the presbytery, and third-party funding.
- Assist the Presbyter for Transformational Ministry with data necessary for transformational ministry opportunities.
- Perform other responsibilities as assigned by Transformational Presbyter.

PURPOSE:
To help grow healthy and vibrant congregations and ministries in Salem Presbytery, the Director of Stewardship and Development will spearhead the annual stewardship process for the presbytery and resource campus ministry and congregations with creating sustainable development plans. The goal is to equip congregations with resources to fulfill Christ’s mission of love and justice in the world.

Priorities:
The two top priorities for the Director of Stewardship and Development are to design and direct the stewardship process for Salem Presbytery and work with campus ministries to become self-sustaining. As time permits, work with congregations in stewardship and development.
Qualifications:

- Bachelor’s degree;
- Five or more years demonstrated experience in development, stewardship, or a related field;
- Active participation in a Christian faith community;
- Demonstrated capability and passion for leading volunteers and projects.

Knowledge and Skills:

- Excellent written and verbal communication skills.
- Proficient with technology, computer programs (i.e. Microsoft Office), data-based management systems (i.e. non-profit grant databases, Guidestar).
- Highly organized with ability to implement systems and follow up processes.
- Demonstrates attention to detail.
- Proficient in research, analysis, and interpretation of complex or diverse data relative to demographic and church growth trends.
- Has an understanding of the adaptive challenges facing the P.C. (U.S.A.).
- Can identify and measure opportunities for adaptive change and growth.
- Is a collaborative team player and able to take direction.
- Is able to think outside the box, generate creative solutions and consider multiple partnerships within the P.C. (U.S.A.) and beyond.

Personal Characteristics:

- Is attentive to the presence of the Holy Spirit in themselves and in others and believes that God is up to something in our churches and communities.
- Meets challenges with resourcefulness.
- A self-starter who can also work both independently and collaboratively to achieve stated goals.
- Ability to work under pressure and produce quality work under time constraints and deadlines.
- Is able to understand and respect the theological diversity and faith and ministry expressions present in Salem Presbytery.

Education and Experience:

Minimum bachelor’s degree with proven track record of developing and implementing fund development processes. Experience with securing grant funding for faith based and/or non-profit organizations; proven experience with research and data analysis (statistics background is a plus).

Education

- The equivalent of four years of college level coursework in administrative support with a minimum of three years field-related work experience.
THE ENGAGEMENT PASTOR

Overview: Salem Presbytery values community and relationships and seeks to foster opportunities for pastors and elders to connect with one another periodically within the year. Given that Salem Presbytery is the seventh largest presbytery in the P.C. (U.S.A.) and that its churches extend from as far west as Watauga County and as far east as Chatham County, connectionism can be improved.

To address this challenge, Salem Presbytery is divided into six geographic communities, each led by an Engagement Pastor within that region. In the past, Salem had three neighborhoods (East, Central, and West) that attempted to provide opportunities for fellowship, and community building, but that also functioned within our committee structures. The Commission on Ministry will continue to have three neighborhood COMs, but within each of these will now be two community parishes that will provide greater opportunity for community building.

Collectively the community parishes serve as resource for the Presbyter for Transformational Ministry. These communities do not define the only method for connectionalism within Salem Presbytery, but simply provide connectivity within a closer proximity. The Presbyter for Transformational Ministry will help connect congregations beyond the community parishes in shared education, social justice, and mission.

Stipend: An Engagement Pastor is paid a stipend of $2,160/year with a yearly contract.

Reports to: Presbyter for Transformational Ministry.

Responsibilities:

- Coordinate and host monthly gatherings for pastors in their community parish.
- Identify resources for consultation, coaching, and pastoral care needs with pastors in their parish, encouraging action on the congregation’s mission and vision.
- Connect regularly with the Presbyter for Transformational Ministry and other designated Engagement Pastors.
- Collect stories and information from congregations regarding programs, missions, etc. and report to the Communications Director for use in Salem Presbytery’s communication strategy.

PURPOSE:

An Engagement Pastor serves as a point of connection for community parishes within Salem Presbytery for education, social justice, and mission; promoting awareness and opportunities for shared ministry within the community and throughout the presbytery.

Priorities:

The Engagement Pastor develops a relationship with the religious leaders of each congregation within the parish, serving as both a resource and point of connection to Salem Presbytery.
- Encourage congregational collaboration in education, social justice, and mission opportunities.
- Attend Neighborhood Commission on Ministry meetings.
- Areas of focus as directed by Presbyter for Transformational Ministry.

**Community Parishes**

- Watauga, Ashe, Alleghany, Wilkes, Surry, and Alexander Counties – 19 congregations
- Iredell and Yakin Counties – 21 congregations
- Forsyth, Stokes, and Rockingham Counties – 28 congregations
- Davie, Rowan, and Davidson Counties – 25 congregations
- Guilford and Randolph Counties – 26 congregations
- Caswell, Alamance, and Chatham Counties – 23 congregations

**Qualifications:**

- The Engagement Pastor will be a highly organized, active, ordained or commissioned member of the Presbytery with excellent communication and interpersonal relationship skills.

### CURRENT POLICY & REQUIREMENTS TO APPLY FOR FUNDS

The policy of Salem Presbytery is to support campus ministries at a 60/40 ratio, with 60% from Presbytery and 40% from local sources. In order to make our request, we ask that each ministry provide:

- **a letter of specific funding request including any helpful narrative** for the Committee to consider
- **a current year to date budget**
- **a year-to-date balance sheet** detailing all assets and liabilities
- **a full budget for the proposed year** that includes all proposed revenue and expenses

Below are the following minimum organizational standards for funding from Salem Presbytery:

1. Each ministry must be either A) an incorporated 501 (c) 3 non-profit organization with the State of North Carolina or B) a department of a local congregation of the P.C. (U.S.A.). With this, tax-exempt status can be connected with the local church status as registered with the State of North Carolina.
2. Each ministry must have the oversight of either a Board of Directors or the Council/Session of a particular congregation. Ecumenical ministry partners must include P.C. (U.S.A.) representation on the local board/council.
3. The ministry must have in force, at a minimum, Directors and Officers Liability Insurance coverage. If they have property, they must also have appropriate property and liability coverage for the facility. Each minister & employee must follow minimum standards of Salem Presbytery, as such.
4. For those ministries receiving funding from the Presbytery, the ministry is required to have a 3rd party review its accounting every two years. The Presbytery Campus Ministry Committee can help arrange for the review if necessary.
5. Each ministry must have a fund development plan, approved by its board/council, which includes multiple revenue sources (congregations, fundraisers, individuals, grants, investment income, etc.).
6. To receive funds from Salem Presbytery, each independent campus ministry (those that are not part of a congregation) must demonstrate 100% participation of the board of directors in financial giving to the ministry.
7. Each funding request must be accompanied by 1) current year to date budget, 2) a year-to-date balance sheet detailing all assets and liabilities, 3) a full budget for the proposed year that includes all proposed revenue and expenses, and 4) a fund development plan.
Proposal:

Key Recommendations:
Prioritize support for developing campus ministry funding by working with the Presbyter for Transformational Ministry and the Director of Stewardship and Development to design sustainable funding through a combination of fundraising, congregational partnerships, and entrepreneurial ventures so that ministries are more self-sufficient and also increasing connections to local congregation(s). The goal is to remove line item funding for campus ministry, and moving to a grant-based process.

Recommend: That the Presbytery move to a distribution process that the Implementation Team will put into operation that will begin at the end of the 3-year phased reduction.

Recommend: Presbyter for Transformational Ministry and the Director of Stewardship and Development will prioritize working with campus ministries and helping facilitate partnerships with congregations, and develop sustainable stewardship plans.

Phased budget reduction as ministries increase partnerships with local congregations and move away from line item support for campus ministry.

Recommend: Year 1 = 90% of previous year’s funding given to campus ministry directly; Year 2 = 80% of previous year’s funding; Year 3 = 80% of previous prior year’s budget. Given the 2018 funding, the distributions would be as follows:

After the third year, the total line item for campus ministry would be made available by a process approved the Implementation Team. The Church Growth and Development Committee would design and administer the grant process to encourage accountability, measures of faithfulness, best stewardship practices, and to share the good news of what God is doing in these ministries.

Recommend: The Presbytery will make grants available, through Church Growth and Development, to campus ministry programs for investment in specific initiatives (not general operating budgets). Thus, making what funding that is available more equitable and accessible.

Consider a Donor Advised Fund or endowment set up for Campus Ministry through the Presbyterian Foundation.
In the PC(USA), the presbytery personnel committee is granted authority by the Presbytery to “consider and conclude matters referred to it,” (G-3.0109). The committee works in covenant partnership with the Head of Staff to oversee and support the staff, and to insure the staffing of the Presbytery is fulfilling its responsibility to carry out the Presbytery’s mission and ministry.

**Other Considerations:**

- The proposed budgets do not reflect an increase in church giving; although that is our hope and goal.
- The proposed budgets do not reflect any revenue from the sale of our property.
- The proposed budget reflects reductions in campus ministry which is sought to be subsidized through grants.
