Providing the 20-African-American churches of the Salem Presbytery with vision, support, advocacy, exposure, information and understanding.

Vision

The Salem Black Presbyterian Caucus (SBPC) serves as a voice for the twenty (20) African-American congregations within the presbytery.

We seek to provide these churches with vision, support, advocacy, exposure, information and understanding.

Our vision is to develop healthy African-American Presbyterian congregations by focusing on the following areas:

- Congregational Development
Christian Education, Youth and Young Adults and Leadership
- Mission and Outreach
- Spiritual Development
- Evangelism and Church Growth

The SBPC also encourages mission planning and supports efforts to secure full-time pastoral leadership.

The SBPC wants African-American Presbyterians to take advantage of leadership opportunities at all levels of Salem Presbytery and the Presbyterian Church USA. To help achieve that goal, the SBPC advises the Committee on Representation and the Nomination Committee of qualified African Americans for leadership opportunities at all levels of the presbytery.
